To Whom It May Concern;

Recently your Administration issued an MOU to provide legislative guidance to State Agencies — Sec. 503A which governs the practice of pharmacy compounding. Well, isnt this what druggist started out doing ——— certainly I do not mean to be disrespectful but I rely on my pharmacy, druggist and Dr. to fill my prescription according to a need I have. How gratefull I am to be able to have this done even tho', in my state, that I know of, there is no way for this to be done

By limiting the inter state distribution of compounded prescriptions ——— while at the same time putting no limit on NON compounded

98N-1265 C3442

you have threatened the economic survival of these specialized pharmacies.

I believe my Dr., and I have the right to make a choice ——— my husband also since he pays for this!

Please reconsider your wording and carefully protect what few freedoms we seem to have left.

Sincerely,

Mrs. L L. Rabbitt
