7/7/99

To the FDA

Re: Docket # 98N-1265

7819 '99 JUL 12 A10:25

I am a consumer who wants to see the MOU of 1/21/99 amended. In its current form it denies access to patients + physicians to obtain effective medications. It restricts access to pharmaceuticals produced in another state + it infringes on the rights of pharmacists who prepare compounded medication.

As a healthcare consumer + provider I believe that I should be able to receive delivery of a compounded medication prescribed by my physician regardless of where I may live or travel.

The MOU needs to be amended.

Sincerely yours,
Marcia Kosstrin
