To whom it may concern,

8625 '99 JUL 13 A7:30

I strongly oppose the use of antibiotics in anime feed. I cannot believe the FDA continues to support this practice. The consequences of this careless use of antibiotics are immense. Antibiotic resistance strains of bateria are now being found. What will it take for you guys to take action? It makes my blood boil with anger that this unnecessary practice continues.

Sincerely

Peter S
