Re: Docket #
98N-1265

Gentlemen,

I am greatly concerned about the FDA's recently drafted memorandum of understanding (MOU). Parts of this memorandum limit the practice of pharmacy compounding and interstate distribution of compounded drugs.

As a patient who receives compounded drugs from another state, I must tell you I am very frightened at the possibility of not being able to receive my proper medications. I am deathly allergic to some regular non-compounded drugs.

"In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, restricts the rights of physicians and patients to obtain healthcare products from the provider of their choice, and infringes on the rights of compounding pharmacists to serve the public's medical needs."

Please amend the MOU!

Sincerely,

(Mrs) Barbara A. Joyce
