Re: Docket No. 98N-1245

I'm writing in reference to the above docket number.... In it's present form, the MDU, as well as the Compounding Sec. 503A of the Modernization Act, "Severely" restricts the rights of Physicians & patients to obtain healthcare products from the provider of their choice & infringes on the rights of compounding Pharmacists to "serve the public's medical needs".

As a healthcare consumer, there should be NO restrictions to the delivery of a compounded medication prescribed for me, regardless of where I may live or may travel. The MDU must be "amended"!

There are "regular" pharmacy drugs I cannot take. ~~that~~ I

98N-1265

C3776

have found certain compounded drugs to be beneficial to me. I want a choice! Please help me & thousands of others to get the "choice" of care & keep me choose!

Sincerely,
