Re: Docket No. 98N-1265

I am writing about the Memorandum of Understanding which was published on January 21, 1999.

the MOU would severely restrict the rights of physicians and patients to obtain healthcare products from the provider of their choice. Also, the compounding pharmacies should not have restrictions affecting their rights to serve the public's needs.

As a healthcare consumer, I feel that I should be able to obtain a compounded medication prescribed for me, regardless of where I may live or may travel.

the FDA is a "watchdog" agency for consumer safety. this is

C3777

not a safety issue!

Please amend the MOU.

Sincerely,

Eleanor Laub
