99 JUL 19 P12:08

July 13, 1999

Dear Sirs;

We are disappointed that you are encouraging research on primates to study virus transmission, and that you are allowing xeno-transplants in pigs. We are against all xeno-transplant research.

We should follow Europe's lead in this and encourage human organ donations.

This is in regard to Docket # 99D-0557.
