To Whom It May Concern,

I am in opposition to the Draft Memorandum being proposed by the FDA

70 F1 :99 JUL 15 P2:18

I object to the the definition of "inordinate amount" which restricts the amount the availability and the right to obtain medically necessary compounded medications by limiting the number of perscriptions that can be shipped across state lines from specialized compounding pharmacies.

For one thing I am perimenopausal and need to take progesterone. and the progesterone you can buy by perscription at drug stores has peanut oil in it and I am allergic to peanut oil.

Thank you for hearing me.

Sincerely,

Nancy Treinen
