RE: Docket # 98 N-1038 "Irradiation in the Production, Processing and Handling of Food"

Dear Dr. Henney,

As a citizen concerned about the food I eat, I am writing to you on behalf of my family, neighborhood and community. We strongly believe that we have the right to know if food has been irradiated. Irradiated food must be clearly labled with a statement that it was treated with radiation. It must have the international symbol for irradiated food placed prominently on the label.

Sincerely,

Molly Greenwood
