Docket No. 99D-0557

To Whom It May Concern:

In January, 1999, the Council of Europe, represen 40 countries, recommended a world-wide ban on xenotransplants. In addition to being cruel to the animals involved, it is a likely source of viral transmission. The less likely a human body is to reject an animal's organ, the more likely i is that interspecies disease transmission is poss

There are safer and more humane alternatives xenotransplantation. Preventive medicine, increased organ donation, and artificial organ development are just three examples. Based on this, I oppose xenotransplant research.

Sincerely,

Stacey Harris
