Re: Docket 99 N 1038

1745 '99 JUL 19 P12:03

I have only today learned that there is legislation pending that would take away the consumers' right to know which foods have been irradiated in order to prolong their shelf life.

As a consumer and a citizen who works very hard at good health and proper nutrition, I am appalled that this potentially dangerous information can be taken away from us.

Please do not allow this to happen. If foods (fruits, vegetables) must be irradiated, let the consumer know which have been so we can
