RE: Docket No 98N-1265

Please amend MOU no later than July 29

In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of physicians and patients to obtain healthcare products from the provider of their choice, and infringes on the rights of compounding pharmacists to serve the public's medical needs.

The compounded prescription does not give me headaches; premarin did. I want to be able to make my choice not a goverment.
