Re: Docket # 98N-1265

Dear Sirs:

I am writing to let you know that if the rule noted above is not amended I, personally, will be physically affected because I will not be able to obtain the hormone prescription I now get from a Women Pharmacy. I take the hormone for my heart - they are only available from this pharmacy. I tried the regular hormone prescriptions and had terrible

98N-1265

C 4257

side effects. Since taking the natural hormones - only available through Women's International Pharmacy in Wisconsin I have had no side effects & I am in a healthier state.

Please amend the MOU as well as the Compounding Section 503A so that it does not restrict my right to obtain this medication from out of state

Thank you

Alice E. Butenhof
