B375 '99 JUL 12 P2:46

June 23, 1999

Dear Dr. Henney,

I urge you to ban human antibiotics in animal feeds. As you know, countries such as Sweden have been leaders in finding alternatives to antibiotics, using them solely for treatment. It is indisputable that bacteria [redacted] are building frightening levels of resistance to antibiotics. Please, do the right thing. Urge your colleagues that we must stop the use of antibiotics in animal feeds!

Sincerely,

Olivia Mandel
