Dear Person at F.D.A. 7/15/99

Please know that our family--
my husband & I and our 2 children's
family do not want irradiated food
on our table. We also protest not
knowing whether or not it is irradiated.
We are losing nutritional quality "big
time" when irradiation is used.
Reference - Docket #98 N-1038 THANK YOU!
Let's not allow conglomerates to decide what we will
eat on our table - "OUTRAGEOUS".
