IRRADIATION COMMENT FORM

attention FDA: keep irradiation labeling!

Re: Docket # 98N 1038, "Irradiation in the Production, Processing, and Handling of Food"

TREATED WITH IRRADIATION

3863 '99 JUL 28 A9

I want the labeling of irradiated foods & products to be clear & easily seen on the item irradiated. Just as some citizens want the right to bear arms — I want my right to know what has happened to the food I consume.
