IRRADIATION COMMENT FORM

attention FDA: keep irradiation labeling!

Re: Docket # 98N 1038, "Irradiation in the Production, Processing, and Handling of Food"

3866 '99 JUL 20 A9:

TREATED WITH IRRADIATION

Not only is it immoral & cruel to mess w/mother nature and have irradiated foods, but it is murder (a slow, slow, death over time) to not label a food that has been massly mutated. P.S. Consumption is a treatable disease!!!
