Re: Docket No. 98N-1038

Irradiation in the Production, Processing and Handling of Food

Dear Mr. Hubbard:

As a citizen concerned about the food I eat, I strongly believe that I have a right-to-know if my food has been irradiated. Irradiated food should be clearly labeled with a statement [illegible] a symbol for irradiated [illegible] on the label.

Sincerely,

Name: Susan DuBois

The same goes for genetically engineered food and for milk from cows treated with growth hormones. SJD
