Dear MR Chaffe

(Docket 98P-0203/CP) Why must the deterioration of our food quality in the United States start now? You have much control in this and I pray that you will make wise decisions. Much is at stake here.

My 3½-YR-OLD son saw the PICS of starved chickens - compared to healthy ones (PG 18/19). I DARE YOU You cannot all this to be happening.

PETA'S ANIMAL TIMES SPRING-99

The good Lord scrutinizes you in this action and wants to see it complete. I am your messenger of Him: he was sent to be tortured, mutilated & destroyed. He

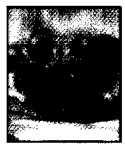
surely does not want it happening to His animals. Indubably.
May He bless you mightily.



Love,
Judy
