Re: Docket # 98N-1038
"Irradiation in the production, processing & handling of food."

8295 '99 JUL 27 A10:25

"We demand that there be prominent labeling on ALL irradiated foods, using the terms "IRRADIATION" or "IRRADIATED", & the use of the RADURA SYMBOL!
Terms such as "Cold pasteurization" & "electronic pasteurization" are highly misleading & must not be used.
Also no statement at all would be grossly misleading because irradiation destroys vitamins, causes changes in sensory & storage qualities that are not obvious or expected by the consumer & causes chromosome damage.
We are adamant that the above be done!
