To The FDA re: Docket #98N-1265

I use a compounded pharmaceutical that is vital to my health. I use Estradiol in the natural form because my physician found that the locally available compound caused disagreeable side affects for me. I live in New York State and receive the compound from the only available Advance, Women's International Pharmacy in Wisconsin.

In its present form the MOD, as well as the Compounding Section 503A, of the Modernization Act will prevent me from receiving this drug which is vital to my health. Please do not deny me the freedom of choice which I need to maintain my health

Yours Truly,

Charna Reichel
