Dear Jane Henney, 7/8/99

0734 '99 JUL 30 A9:44

I'm writing this letter to express my concern about genetically altered foods. I want genetically altered foods to be labeled so I can make informed choices about the foods I feed my family.

I urge you to please take the necessary steps to make sure that genetically altered foods are so labeled.

Until there is no doubt that these foods are completely safe, make sure that we can make an informed decision about whether we will eat genetically altered foods. It is only fair. Please don't gamble with our health, let us have a choice.

Sincerely,

Debi Stikos
