July 21, 1999

Dear Dr. Henney.

0692 '99 JUL 30 A9:41

I don't want GMOs in my food supply.

At the very least, please have these foods labeled, so I can avoid them.

Also, I think it is a bad way of doing things if farmers can not save their seed from year to year. Who do I address this complaint to?

Sincerely,
Evelyn Singer
