circle the world with love

Dear FDA

7-22-99

I am a pharmacist that works in a compounding pharmacy. I talk with alot of women every day who have not done well on traditional hormone therapy. We offer another alternative for them. I hope you reconsider the M.O.U. which could take away our being able to help these individuals just because they do not live in the same state as us.

Sincerely;

Tina M. Kolasa RPh
