To the FDA,

you must do ~~more~~ 2259 '99 AUG 5 A10:29 ~~put~~

put Bacteria warning labels on

egg cartons + regulate egg

refrigeration temperatures.

Also the FDA should prohibit the

practice of forced molting because

forced molting has been scientifically

shown to promote disease by ~~a~~ destroying

the ~~hens~~ starving ~~the~~ hens immune

systems. The FDA has ~~jur~~ ~~juris~~ dic

~~juris~~ jurisdictions to ~~d~~ ban ~~the~~

farm practices, such as forced

molting that injure human health.

FDA ~~must~~ must bar the forced molting of laying hens because forced molting is a primary cause of infectious disease in hens, eggs + ~~cons~~ consumers of eggs. The cruelty and contamination are linked.

Also FDA was petitioned in April 1998 to bar ~~forced~~ forced molting. ~~Th~~ This petition should be granted without further delay.
