FDA Docket Nos. 98N-1230
96P 0418
97P 0197

Dear Sirs

Unless your agency bans forced molting, salmonella, campilobacter and other zoonotic diseases will continue to sicken the egg-consuming public, including ourselves.

We rely on your jurisdiction over farm practices to guard our health. We willingly pay taxes in that belief.

Instead, newspaper & magazine article continue to point out that the profits of the poultry industry take total precedence over our health. Stop forced moulting.

Kindly, fight for our rights to health as I and my husband have fought in WW II for our country.

Sincerely,

Belle & Cliff Stoll
