DOCKET # 99P0485

8.19.99

7173 '99 AUG 24 [illegible]

Dear Commissioner Henney;

I was informed to address my concerns to you about the use of human antibiotics in the feed of Livestock used for human consumption.

I am sure you are already aware of the risks associated with this practice.

I am writing to urge you to continue to do your job and protect the public from foresecable health dangers involved with antibiotic remedies in feed.

Thank you for your attention to this matter

Respectfully

Veronica Mestaz
