Dear Commissioner Henney—

I'm writing to you from the soon to be free from rBGH Ben & Jerry's Vermont-One World One Heart Festival. There are 30,000 other people here who all agree with us that banning growth hormones such as rBGH would be beneficial to our health. Please consider this request and while you're at it please help to garner more respect for healthful herbal supplements + stop treating those of us who prefer more natural lifestyles like criminals! Thank you Respectfully Ellen
