Jane- Enjoy the Ben & Jerry's ice cream fest. Wish you would have come. You should be proud of Ben & Jerry & these supporters. Our concerns for a rBGH free world & Dioxins in our environment can only be represented by the millions of people here opening their hearts & minds to the kind of world we desperately need to provide for our children. Please - take our concerns seriously. - Cory A. Short 317 N. Johnson Iowa City - IA 52245
