Dear Food + Drug Administration,

5660 '99 AUG 12 P1:54

I am writing in protest of the forced molting of hens in the egg production industry.

This is both cruel to the chickens and unsafe for humans also, because it predisposes the chicken to immunity system problems which cause salmonella.

This must stop immediately. It is both immoral and unsafe. How would YOU like to be starved for 14 days?

I am writing regarding these 3 docket numbers
