Rockville, M.D. 20852

Docket Numbers: 98N-1230; 96P-0418; 97P-0197

The FDA must put bacteria warning Labels on EGG Cartons and EGG refrigeration should be regulated.

The FDA should prohibit the practice of Forced MOLTING of Hens. It has been scientifically proven it promots Disease. It destroys the Hens Immune System from Starvation, and produces unhealthy meat for Consumers. It Must be Stopped !!!

The FDA has the jurisdition and should ban the practices by farmers such as Forced Molting that injure human health.

The FDA Must ban Forced Molting of Laying hens because of the infectious disease factor in hens, eggs and the Consumer of eggs. Also the Cruelty and Contamination is Linked to FORCED MOLTING!! Healthy, Well treated Live Food Sources produce healthy Consumer Food

The FDA has been petitioned since 1998 to Ban Forced MOLTING. This petition should be granted without delay!! Think of the Disease and Suffering the FDA Could Stop Cold!! Honor the petition of 1998. Ban Forced Molting.
