re: Docket # 98N-1038

Dear FDA Rep:

0802 '99 SEP -3 A11:06

Please respond to the public's concern with adequate and effective food labeling. It is imperative that, if irradiated food is to remain legal, that it MUST be prominently labeled on all items. To do otherwise would be to willingly manipulate the American public, to satisfy special interests.

Sincerely -

L.R. Vann, M.Ed.
