I Believe the F.D.A should do more to prohibit forced molting since it has been shown that disease can be promoted when starving hens immune system is destroyed, much like our own immune system is affected by our stress level, there is no differene in animals.

Of course, I'm a vegetarian, But truth be told, my own health improved over 90% when I chose to go vegan.

I know its not a life style for everyone, nor do I force my beliefs on all my "meat eatery" friends & Relatives, however animal cruelty is cruelty - no matter how you look at it.

Thank you for your time.
