Dear Dr. Henney;

2541 '99 AUG -3 P1:29

I am writing to ask you to please approve claims filed for saw palmetto and symptons of benign prostatic hyperplasia as it certainly helped me. It's just wonderful.

Also folic acid, Vitamin B-6 and B-12 for cardiovascular disease along with vitamin E

I take my pulse reading every morning and it is always in the mid 50's

Thanking you very much, I remain

Sincerely yours,

Milton Smith
