Jane Henney, MD
Commissioner, FDA
5600 Fishers Lane, Room 1471
Rockville, MD 20857

Dear Dr Henney:

May I urge the FDA's prompt approval of claims filed for proven benefits of nutritional supplements - Four specific areas - saw palmetto for BPH, vitamin E for heart disease - folic acid, B_6 + B_{12} for heart problems as well as psyllium seed husks for dietary fiber - Consumers deserve more information than permitted at present - Thank you.

Jeanne Phelps
