Dear Dr. Henney:

I wish to advise you I am in favor of the F.D.A. promptly approving claims filed for Saw Palmetto & the symtoms of benign prostatic hyperplasia; psyllium husk seeds & the risk of bearo disease; folic acid, vitamin B6 & vitamin B12 & cardiovascular disease; & vitamin C & the risk of cardiovascular disease.

I remain,

Audrey J. R. Espey

P.S. I am in my 72nd yr. & I have had proven results in my health after being on alternative treatments; We need the proof on these products released properly to the public.
