Attn: Jane Henney MD, Comm.

This is to state that I definitly am in favor of the F.D.A. approving claims regarding the medical benefits of:

Claims #1 Folic acid, Vitamins B6 & B12
#2 Saw Palmetto
#3 Psyllium
#4 Vitamin E.

I have felt strongly about the criminal & illegal suppression by the F.D.A. of the benefits of vitamins, herbs & other alternative medicine to protect the profits of big drug companies and the detrimental effects these suppressions have had on the health & finances of our free citizens.

Thank God for people like Dr. J. Whittaker, willing & able to take on this battle effecting our health & constitutional rights.

Sincerely,

Charlotte Sherman
