Dear Miss Henney - Re - SAW PALMETTO

I am in favour of the FDA approving claims for saw Palmetto, psyllium husk seeds, folic acid, vitamin B6 (shots of B12), vitamin E for prevention of cardiovascular disease + many more Vitamins I take.

I presently take all of above except saw Palmetto. I believe it helps me. If one believes in help, it will happen. I believe Vitamins are keeping me healthy. I am 80 years old and still going strongly.

Please consider the above request.

Sincerely
Mona Bower
