07/21/99

Dear Ms. Henney:

I implore you to promptly approve claims filed for saw palmetto and the symptoms of BHP — I had prostrate surgery and deeply regret the urologist did not put me on saw palmetto — which, I am, however, now using faithfully; psyllium husk seeds and the risk of heart disease; folic acid, vitamin B-6 and vitamin B-12 and cardiovascular disease.

2519 '99 AUG -3 P1:26

You are aware, painfully aware, I am sure of the immense problem of medical costs. Helping citizens assume responsibility for the status of their own health will reduce costs.

Thank you for your consideration and co-operation.

Sincerely,

Joseph Gilmour
