Dear Folks at the F.D.A.,

1408 '99 SEP 20 A9:39

I'm writing in support of a petition for "Health Care Without Harm." It has a Docket number 99P-2077/CP1. Also, in regard to a problem of leaching harmful chemicals from PVC plastic medical devices into the solutions they hold, I urge you to do everything possible to find safer PVC alternatives.

Sincerely,

(Mrs.) Hannah Silofsky
