Sirs:

I ~~was~~ am outraged and shocked to hear that downed animals (diseased or badly injured and unable to walk) are used for human food or even worse dumped alive on stockyard "deadpiles" or abandoned at auctions or slaughterhouses when they are too sick to be profitable.

I firmly support and ask you to act on docket #98P-0151/CP1 to stop this slaughter of downed animals for human food supply. The risk to human health and life is too great.

Sincerely,
Alice Slaman
