Dear Commissioner,

I urge you to act on docket number 98P-0151/CP1 and stop the slaughter of downed animals for the human food supply.

1998 SEP 22 AM 11:12

Diseases like bovine leukemia virus (BLV), bovine immunodeficiency virus (BIV), and others commonly afflict U.S. cattle.

There is so much to be done and this one action could take us into a better future for us and our children. One day at a time a difference is made and you could be instrumental in moving this act on! Thanks for your time.

Sincerely,

98P-0151

Marlene E. Schmidt C2270
New York City Resident
