9/8/99

Dear Commissioner Henney:

according to NUTRITION ACTION HEALTH LETTER, Sept. '99 (Vol. 26, #7), page 2, "The consumption of added sugar has jumped 25 percent since 1984, squeezing healthy foods out of the diet. As a member of the Center for Science in the Public Interest (CSPI), I urge the FDA to establish a 'Daily Reference Value' for added sugar of 40 grams and to require labels to disclose how much added sugar a food contains."

Your soonest possible favorable action on this matter will be much appreciated. Respectfully,

PHCoe
