9/8/99

To whom it may concern:

I am writing to ask Jane Henney not to allow antibiotics to be used in livestock feed - particularly if the anti biotic is used in human medicine.

113 '99 SEP 10 P1:52

Whenever possible I buy meat from free of all antibiotics and hormones even though it costs more. Many people cannot afford to do that. The FDA has the responsibility to keep our food free of harmful substances.

Sincerely,

Kathy Castillo
