Dear Commissioner:

I feel that the FDA is long over-due in approving claims filed for saw palmetto and the symptoms of benign prostatic hyperplasia; Psyllium husk seek and the risk of heart disease; folic acid, Vit B6 & Vit B12 and cardiovascular disease, and Vit E and the risk of cardio-vascular disease. I realize that the government agencies move at a snails pace but this is redundous. Please expedite this process

Yours truly
Dorothy V. Mullin DO.
