Jane Henney, M.D.
Commissioner Food & Drug Ad.

Dear Madam;

I believe the F.D.A. must promptly approve the claims filed for saw palmetto & the symptoms of benign prostatic hyperplasia, psyllium husk seeds & the risk of heart disease; folic acid, vitamin B^6 & vitamin B^{12} & cardiovascular disease; & vitamin E & the risk of cardiovascular disease.

The Bill of Rights gives us the permission to know these things. How in good conscience can you deny the American people their rights to this knowledge!

Are we a free people!

C 86

Sincerely,
Esther A. Farina
