To Whom...

It's come to my attention how barbaric chicken & egg production is!

I'm addressing docket numbers:
98N-1230; 96P-0418 and 97P-0197

- to have FDA do MORE than put Bacteria warnings on packaging & only deal with refrigeration temperatures.
- FDA should prohibit the practice of forced molting as it has been scientifically shown to PROMOTE disease by destroying the starving hen's immune systems
- FDA DOES have jurisdiction to ban farm practices, such as forced molting, that injure human health as well as the hens.
- FDA must BAN forced Molting of laying hens because forced molting is a PRIMARY CAUSE OF INFECTIOUS DISEASES in hens, eggs & consumers of eggs
- FDA was petitioned to Ban forced molting in April of 98. Grant this Petition without further delay!
