Docket #'s

98-N-1230
96P 0418
97P 0197

Egg refrigeration temperatures must be regulated in addition to further research regarding bacteria by the FDA

- Forced molting must end as it promotes disease in the immune systems of starved hens

- I understand that the FDA has the power to end practices that affect human health. These cruel practices and health issues are connected.

98N 1230

C 463

The petition to ban forced mothering should be granted immediately.

Please do what is right and what is moral

Thank you
