Jane Henney, M.D.
Commissioner
Food & Drug Administration
5600 Fishers Ln., Rm. 1471
Rockville, MD 20857

Dear Dr. Henney,

I am in favor of the FDA promptly approving claims filed for saw palmetto and the symptoms of benign prostatic hyperplasia; psyllium husk seeds and the risk of heart disease; folic acid, vitamin B6 and vitamin B12 and cardiovascular disease; and vitamin E and the risk of cardiovascular disease.

Hopefully, someday the FDA will work for the benefit of the public instead of the drug companies. Vitamin, mineral and herbal supplements deliver tremendous rewards toward improving one's health. These supplements don't cause the thousands of cases of illness and death that drugs routinely prescribed do.

Sincerely,

(Mrs.) Doris O. Normandy
