Rm 4861 South Bldg.
Washington, DC 20250

Dear Mr. Lake—

Please note my disagreement with withholding information from consumers regarding genetic engineering of foods. This is entirely unjust, and denies we citizens the right to free choice of what we put into our bodies. In effect, we become unwitting guinea pigs, victims of the greed of corporate giants, special interests, who clearly control our "free democratic" government. This is outrageous.

Sincerely,

Laurel Sturt
